FXCM: Largest Forex Dealer Member

Forex Capital Markets LLC (FXCM) is regulated as a Forex Dealer Member by the National Futures Association. Forex Dealer Members are Futures Commission Merchants that have greater than 35% of revenue from foreign exchange.

As of September 2006, FXCM held in excess of \$215 million in customer funds out of a total of over \$770 million held by Forex Dealer Members.

Approximately \$600 Million In Customer Funds Traded

FXCM Group includes firms regulated across the world, including the United States, Canada, United Kingdom, and Hong Kong.

Additionally, FXCM offers its proprietary foreign exchange trading technology to banks and brokers.

Approximately \$600 million in customer funds are traded using FXCM's FX Trading Station.

FXCM Group: Expanding And Improving

Since 2001, FXCM has added over 500 employees in all areas of operation, including customer support, research, technology, and trading. FXCM has been named to the Inc. 500 list of America's Fastest Growing Private Companies in 2004, 2005, and 2006.
